Antique full hunter pocket watch

Price

Sold**Item Reference: SA770743****Date of manufacture: 1920**

Description

Antique full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover, which has a small indentation. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, a Birmingham based case maker and supplier to various watch makers. The case has engine turned detail to both the front and back, and a vacant central cartouche to the front. Overall the case is in good condition, just the odd minor mark. The winding crown pushes in to open the front cover. The acrylic lens is in good condition. The dial has a small mark underneath the 12 but overall is in very nice condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
