

SA771114

Antique silver Waltham pocket watch, 1917

Price

Sold**Item Reference: SA771114****Date of manufacture: 1910**

Description

Antique silver Waltham pocket watch, 1917. The watch has a stem-winding movement, seven jewel Traveler grade, which is working nicely. The movement is fully signed and the serial number, 21,725,703, dates it back to 1917. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is sterling silver and there are maker's marks for the American Watch Case Company. The case has engine turned detail to both the front and back, and a vacant cartouche to the front. There is some unevenness on the front and back of the watch. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers. There is a short faint hairline between 12 and 1. The watch comes in a new presentation box.
