Gents 1950s Nivada Visualmatic wristwatch

Price

Sold**Item Reference: SA771909****Date of manufacture: 1950**

Description

Gents 1950s Nivada Visualmatic wrist watch with power reserve indicator. The watch has a 17-jewel automatic movement, calibre AS 1382N, which is working nicely. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is rose gold plated and overall it is in good condition, just one knock to the edge of the bezel by 4 o'clock. The stainless steel case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in its original finish with original hands, centre seconds hand and outer minute markers. There is some light freckling across the dial but overall it has a charming appearance. A new leather strap has been fitted. The watch will be sent in a new presentation box.
