Description

A beautiful Art Deco atomizer in thick heavy transparent glass with frosted and clear accents. Handmade in Bohemia around 1930 and is a great example of Czechoslovakian Art Deco. The body of the atomizer is standing on an arched base, making the overall height 11.5 cm. The top is in chrome-plated metal which is still clean and bright. Still retains its original silky green tasselled cord which shows only minor signs of use, we can replace this if you prefer with a new one. The glass is in perfect condition and free from any damage or imperfections. FREE UK DELIVERY
