Description

Gents 1960s Consul wrist watch. The watch has a good quality Swiss 21-jewel hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The main body of the case is gold plated while the screw-on case back is stainless steel. There is some rubbing to the lugs, mainly to the top ones, but not too detrimental to the naked eye. The lens is in lovely condition. The dial is in beautiful original condition with original hands and a subsidiary seconds dial. A new leather strap has been fitted. The watch comes in a new presentation box.
