Description

A lovely large vintage bank of drawers with seed bins/cubby holes above. Delightful dry scraped paint finish. Extremely functional piece of furniture providing lots of storage with twenty seven drawers and fourteen bins to its upper section. All the drawers have attractive brass cup handles. The distressed finish is sublime. The upper troughs have their copper name plaques intact which translate to different types of vegetables. They would grace any kitchen, hallway, lounge, bedroom or study. Would work extremely well in a retail or hospitality space. The top separates from the base for easy installation.
