Description

1920s Criterion Swiss pocket watch. The watch has a Swiss stem-winding movement, signed Criterion, which is working well. The watch measures 51mm diameter excluding the winding stem and the loop. The case is gold plated and is the Empress model made by the American Watch Case Company, it has a screw on front and back which is a nice sign of quality. The case is in nice condition with only minor marking from use and a mild bruise to the back. The glass lens is in nice condition with only light marking. The dial has a couple of very faint hairline cracks although hardly noticeable but otherwise it is nice condition, with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
