Vintage 1930s Omega pocket watch

Price

Sold**Item Reference: SA775343****Date of manufacture: 1930**

Description

Vintage 1930s Omega pocket watch. The watch has a stem-winding movement, calibre 38.5L.T1, which is working nicely. The movement is fully signed and the serial number 8,575,472 dates it back to around 1937 (this calibre of movement was in production from 1933 until 1949). The movement is protected by an inner hinged cover which has some short scratches to the edge where it has been opened in the past. The watch measures 47.5mm diameter excluding the winding stem and the loop. The case is nickel. The front is in good condition. The hinged cases back has some unevenness and marking. The watch glass is in lovely condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers. There is some damage and hairline cracks around the perimeter of the dial, mostly covered when the bezel is fitted. The watch comes in a new presentation box.
