Description

A fine quality antique Edwardian period mahogany bow fronted stick barometer with silvered scales C.1910. Cushion moulded pediment to the top, sat over a bowed glass view window with engraved silvered scales with remote action vernier marker. Matching scale to the mercury action thermometer sat in a bowed window box to the centre of the slim case. Ebonised urn design cistern cover to the base. Original mercury action movement in full working order. Superb quality case with a deep polish. Bears the makers name Roselli, London to the scale. 38.5" high x 4.25" wide x 3.25 deep (at base). Please contact us regarding shipping costs for this item.
