Date of manufacture: 1960

Description

Gents 9ct gold Certina wrist watch, 1960. The watch has a signed 17-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1960. The back of the watch has a long service inscription dated 1962. The case is in good condition, as is the lens. The signed dial is in good condition with just the lightest of marking if you look very closely. Original hands and centre second hand. A new leather strap has been fitted. The watch will be sent in a later Certina presentation box.
