

SA778958

Antique Omega gun metal pocket watch

Price

Sold**Item Reference: SA778958****Date of manufacture: 1910**

Description

Antique Omega gun metal pocket watch. The watch has stem-winding movement which is working nicely. The movement has been identified as by Omega, and it also has the Omega logo on the regulator. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is gun metal which is an alloy of copper, tin and zinc, originally used in gun manufacture but later replaced by steel. The case is in lovely condition and it has rose gold embellishments which really give it a lift. The watch glass is in good condition. The signed dial is in good condition, just one faint hairline crack. The watch comes in a new presentation box.
