Description

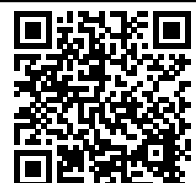

A smart and extremely well made original Victorian Windsor chair. This is beautifully made from solid elm, it dates from around the 1860-80 period. The quality is excellent, and it is in good overall condition for its age. We have given it a clean and wax polish, there is some surface wear and plenty of patina throughout. The frame is strong, sturdy and sound. This chair is very comfortable, due to curved shape. It has turned spindles under the swept out arms & has beautifully turned legs. It could have many uses in the home & would even make a great desk chair. Width - 24 inches , 61 cm Depth - 22 inches , 56 cm Height - 31 inches , 79 cm Seat height - 17 inches , 44 cm
