Description

UK POSTAGE ONLY FOR THIS ITEM Gents 1950s 18k rose gold Titus chronograph. The watch has a Landeron movement which is working nicely. The movement is all protected by an inner metal cover. The watch measures 37mm diameter excluding the winding crown, buttons and lugs. The case is 18k rose gold and it has the Swiss 18k mark of the Helvetia head to the back of the watch, together with the Poinçon de Maître hammer head mark for the case maker Les Fils de Jules Blum of La Chaux-de-Fonds. There is also a small hallmark to the side of the case. The inside of the case back is signed Titus Watch Co. The case has the odd small mark and "ding" but overall the condition is very acceptable. The lens is in lovely condition. The dial is signed Titus. It is in its original finish and has two subsidiary dials, one to record up to 30 minutes and the other for constant seconds. The chronograph feature is started by pressing the top button, stopped and then again subsequently reset with the bottom button (the main chronograph hand re-sets just slightly to the left of zero). A new leather strap has been fitted. The watch comes in a new presentation box.
