Description

1901 Waltham Seaside full hunter pocket watch. The watch has a stem-winding movement, Seaside grade, which is working nicely. The movement is fully signed and the serial number, 10,810,075, dates it back to 1901. The movement is protected by an inner cover which has a little gentle unevenness. The watch measures 42mm diameter excluding the winding stem and the loop so smaller than a standard 50mm pocket watch. The case is gold filled and it is beautifully decorated on both the front and back, and it is in super condition. The winding crown pushes in to open the front cover. Inside, there is an acrylic which is in lovely condition. The signed dial has delicate blued steel hands, a subsidiary seconds dial and an outer minute track. There are a couple of hairline cracks but they are quite faint. The watch comes in a new presentation box.
