

SA781537

Antique silver Omega pocket watch

Price

Sold**Item Reference: SA781537****Date of manufacture: 1910**

Description

Antique Omega pocket watch. The watch has a keyless top-wind movement which is working nicely. The movement is signed with the Omega name and it also has the serial number 3,838,130 which dates it back to around 1910. The watch measures 53mm. The case is silver, and there are Continental marks for 900 silver inside the case back, together with the early Omega logo. The case is in very nice condition and the back of the watch has an image of a horse's head with a rose gold wash finish. The lens is in lovely condition. The dial has sustained a knock between 7 and 8 and there is some damage along with short hairline cracks. There are also a couple of cracks by number 3 but they are very faint. The watch comes in a new presentation box.
