Description

A gorgeous and very comfortable pair of antique leather armchairs. These were made in Sweden, they date from around the 1890-1910 period. They are of amazing quality, with thick full grain original leather upholstery, with some fabulous surface textures. The condition is excellent for their age, we have had the leather hand coloured and revived by our leather restorer. There is just some minor old surface wear to the leather, with no rips or repairs. They have plenty of character & a wonderful original colour. These chairs sit on thick solid wood tapered legs, with very solid frames and have well sprung seat bases. Width - 33 inches, 84 cm Depth - 29 inches, 74 cm Height - 29 inches, 74 cm Seat height - 16 inches, 41 cm
