Description

A lovely pair of Sterling Silver vases. They are stylish and good quality with a slender tapering shape, round weighted foot and pretty art nouveau style detailing around the waist and rim. They are each clearly hallmarked for Henry Matthews, Birmingham, 1910. They are in good condition for their age and display well however they have suffered some damages. There are some dents and dinks around the base and body and some light surface marks which I have tried to show in the photos. They have been gently cleaned and polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK delivery £6, rest of the world £25.
