Description

A stunning and very rare pair of vintage Art Deco period cloud back armchairs. These were made by Harry & Lou Epstein, they date from the 1920-30's. They have beautiful burr maple banding all around the frames, up the arms, across the backs and on the bases. These have been fully restored, the wood has all been stripped and re-polished. They have been completely re-upholstered in a top quality cream vegan leather, it looks and feels exactly like real leather. The cushions have been filled with down feathers. These are really comfortable as well as extremely beautiful. They are part of a complete set we have. Also available separately are another pair of armchairs like this, matching coffee table, dining table, six cloud back chairs and cocktail cabinet/sideboard. All can be seen listed under our other items for sale. Width – 69 cm , 27 inches Depth – 69 cm , 27 inches Height – 82 cm , 32 inches Seat height – 41 cm , 16 inches
