Description

A really nice, walnut cased, Vienna wallclock by the World-renowned maker GUSTAV BECKER. The whole clock is in pristine condition with a lovely, attractive, clean dial and a beautifully polished case and a quarter-veneered back panel. It has an 8 day movement and has just been fully serviced and overhauled by a fully registered member of the B.H.I. It strikes on the half-hour and the hour. It strikes on a rod, as opposed to a gong, which gives it a beautiful crisp tone. The dial and the movement are both clearly embossed with the Gustav Becker logo. Visitors are most welcome to view this or any of our other clocks without any obligation.
