Description

A lovely pair of small antique toleware wall lights dating from the early 20th Century. The backs are pressed metal which has been painted in pretty pinks and greens and they have two gilt sconces with floral detailing. There is an on/off push switch in the centre of each light. They are in good condition for their age and display well. There are signs of age and use and small losses to the paint but no major damages or anything detrimental. They have been re-wired to modern standards and take small bayonet bulbs. We would always recommend that the lights are checked and installed by a professional electrician. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £15.
