Description

Two large early 20th century African Benin tribal bronze statues, c 1920. Depicting standing warriors carrying swords both are heavy and cast well in the traditional lost wax method. Not quite a true pair they are similar in terms of size, age and subject matter. They have the usual casting holes etc you get with older examples, but overall condition is good with only minor wear and rubbing. There is surface oxidation/ verdigris /rust to the metal, but exactly as you would expect from older examples. They have aged well with good colour/patina. Please refer to the detailed photographs and feel free to contact me with any questions or if you would like to view the item. Size: 36/35cm tall x 10/10cm wide x 12/7cm deep. I will happily ship worldwide.
