Description

Large 19th century Indian bronze/brass statue of the Hindu god Ganesh, c 1890. This is a finely cast impressive piece with real presence, standing on a wood base. The detail and composition is very good. I think given the weight (4.2 kg) it is bronze with a brass patination but it could be brass. It is in good original condition and has aged well with good colour/patina. There is slight movement if you apply pressure to the base, it is most likely secured to the base with bolts which just need tightening so very minor. Please refer to the detailed photographs and feel free to contact me with any questions or if you would like to view the item. Size: 38cm tall x 17cm wide, weight 4.2 kg. I will happily ship worldwide, but this is a item so please contact me for a bespoke quote for your Country.
