

SA788103

1930s Omega pocket watch

Price

Sold**Item Reference: SA788103****Date of manufacture: 1930**

Description

1930s Omega pocket watch. The watch has a 15-jewel stem-winding movement, calibre 37.5.L.15.P, which is working nicely. The movement is fully signed and the serial number 7,815,946 dates it back to the first half of the 1930s. The watch measures 47mm diameter excluding the winding stem and the loop. The case is stainless steel and it is in good condition with just light surface marking. The inside of the case back has the early Omega logo. The lens has a little light marking but very acceptable. The signed dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
