## Description

Gents 1950s Roamer wrist watch. The watch has an in-house MST 402 15-jewel hand-winding movement which is working nicely. The movement is signed with the Roamer name. The watch measures 34mm diameter excluding the winding crown and the nicely shaped lugs. The case is chrome plated and there is some wear and marking commensurate with its age. The case back is stainless steel. The lens is in good condition. The signed dial is in its original finish with original hands, a subsidiary seconds dial and an outer minute track. There is some marking to the dial but it is fairly light. A new leather strap has been fitted. The watch comes in a new presentation box.
