

SA788375

1920s Omega silver pocket watch

Price

Sold**Item Reference: SA788375****Date of manufacture: 1920**

Description

1920s Omega silver pocket watch. The watch has a stem-winding movement, signed Omega, which is working nicely. The movement is protected by an inner hinged cover which has a "ding". The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and there are Continental silver marks inside both of the hinged case backs. The case is nicely decorated with a flower and leaf design to the back. The acrylic lens is in lovely condition. The signed dial has some short faint hairline cracks but they are difficult to see with the naked eye. The watch comes in a new presentation box.
