Sold**Item Reference: SA788468****Date of manufacture: 1930**

Description

1930s Swiss pocket watch. The watch has a good quality 15-jewel, stem-winding movement which is working nicely. The movement is protected by an inner hinged cover upon which is a previous owner's name. The watch measures 51mm diameter excluding the winding stem and the loop. The case is gold plated and was made in England by the Dennison Watch Case Company, a prolific producer of cases for various watch manufacturers. The acrylic lens is in nice condition. The white enamel dial has a hairline crack to the outer edge between 3 & 4 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
