Description

An excellent George II side chair with the typical lines of the period, i.e. wide seat, good sloping back and cabriole front legs terminating with generous pad feet. There has been historic restoration to one front and one back leg, this has been extremely well done and is very difficult to locate it. A really stunning period chair! c. 1740 Height: 36" 91.5 cm Width: 24" 61 cm Depth of seat: 17" 43 cm Height of seat: 18" 46 cm
