Description

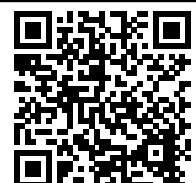

Circa 1900 A small, heavy and well cast Victorian iron door stop with the No 3 stamped on the back at the top, and a name that appears to read: COALBROODALE at the bottom. It could have been made at the Coalbrookdale foundry with the K blending in with the O & D, but we are unable to decipher the letters clearly. The doorstop measures 26.5cm in height and 12cm across the base and it weighs 2.4kgs. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad, please contact us for a delivery quote.
