Description

A fabulous and rare pair of Old Sheffield Plated chamber candlesticks with snuffers and wick trimmers. Beautifully detailed with applied leaf motif edging and wonderfully rippled bases in stylised form. With conical snuffers and both with sprung wick trimmers. The condition is overall good. The candlesticks have slight copper bleed to the raised edges and one sconce is firmly stuck and I did not want to force it. The snuffers are beautifully seamed with very slight copper bleed. Both wick trimmers have good tight springs although one is slightly crooked to the handle and the other has lost the tip of its point. Tinned to the bases with 3 small round feet, making them sit fairly flush. Total weight approx 968g. Diameter approx 16cm. Height approx 9cm. Overall a rare complete set with reasonable wear and tear from age and use.
