Dimensions

Height = 27 cm (10.6")

Width = 14 cm (5.5")

Depth = 18 cm (7.1")

Description

An early carbide railway lamp made by Crestella Engineering Co. Ltd in Leeds with their Owl trade mark on the back. The lamp measures 27cm in height and still has the original turned wooden handle. All the parts open and everything is in good condition. We haven't made any attempt to clean it as some customers prefer us to leave well alone. The brass label on the back reads: Reg No: 878136

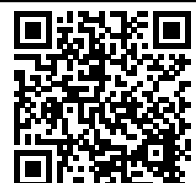

Formerly 686127 With the words FILL TO - a line and then THIS MARK. On the front of the lamp are the initials BR (Sc) and this can be shown clearly in photo 4. There are no signs of damage or repair anywhere. Postage and packing for the UK mainland only is included in the price and for remote areas or abroad please contact us for a delivery quote.
