## Grand Cast Brass String or Twine Ball With Cutter c.1870

Price

**Sold****Item Reference: SA79128****Date of manufacture: 1870**

## Description

One of the nicest spherical string dispensers I have had, top-notch quality made from extremely heavy cast brass with exquisite all-over decoration. The lid is hinged, which again is unusual and a sign of true quality and the box standing on four ball feet. There are four small holes in the top of the lid, to dispense string or twine which would have been cut with the cutter on the top. A beautiful large and impressive example in superb condition, measuring 4" in diameter and standing 6" tall to top of cutter. Item ID: 32283 ----- FREE Worldwide Registered Airmail Directly From London, England

Internal Ref: 32283
