

SA792557

1920s Coventry Lever stem winding pocket watch.

Price

Sold

Item Reference: SA792557

Date of manufacture: 1920

Description

1920s Coventry Lever stem winding pocket watch. The watch has a stem-winding movement, which is working nicely. The movement has 7 jewels and is signed Warranted English. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison watch case company. The case has light surface marks from use and a few small "dings" to the back but overall it is in nice condition. The watch glass is in nice condition. The dial is signed Coventry Made Lever and has a small mark at 1 o'clock although only noticeable through a magnifying loupe but otherwise it is in nice condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
