REGULATOR LONGCASE CLOCK – SKELTON – LONDON

Price

Sold**Item Reference: SA792745****Date of manufacture: 1800**

Dimensions

Height = 188 cm (74.0")

Description

A very fine regulator of superb quality, the 8-day substantial timepiece movement consists of 5 baluster pillars between a lovely pair of thick brass plates, fine wheels and Harrisons maintaining power and stop work for winding, the movement is weight driven with dead-beat escapement. The superb grid-iron pendulum has the bob signed Skelton London with a temperature variation scale engraved upon the brass bob and a fine blued steel hand descending from the grid-iron pendulum rods to show the current temperature. The 11" silvered and engraved dial is of a typical regulator style with a single centre hand showing the minutes and two subsidiary dials to show the minutes and seconds, all with very finely blued steel hands. Serviced and guaranteed for 3 years. Height: 74" (6ft 2") or 188cm CIRCA. 1800 *This clock is delivered and set up for free within the UK. We regularly ship clocks all over the world with our approved and well-established Antiques and Fine Art Packers & Shippers. Please ask for a quote should you require this service. *Pictures taken prior to restoration.
