ANTIQUE WHEEL BAROMETER

Price

GBP 1,150

| USD \$1,553 | EUR 1,345

Item Reference: SA792799

Date of manufacture: 19th Century

Dimensions

Height = 99 cm (39.0")

Description

A good, early wheel barometer. The elegantly simple engraving on the 8" dial and the long spirit thermometer set off by the lovely dark patina of the mahogany case. Box and ebony stringing, broken arch pediment & shell inlays to the top, bottom and waist. Centre set reference hand. Height: 39? or 99 cm CIRCA. 1825
