Description

A beautifully decorated wide Victorian hinged silver cuff with a lovely antique patina. A very wearable piece. Hallmarked for sterling silver, Birmingham, 1883. The bracelet is in very good antique condition; no major dents, just minor surface wear consistent with normal antique usage. In a certain light there is a slight dent to one edge but it's very minor and we mention it only in the interests of accuracy. Opens easily and closes securely, both the hinge and clasp are in good working order. Size: Internal circumference is approx six and a half inches; width 3.1cm. Weight: 39.1g.
