Description

Apart from the aesthetics of this Art Deco clock, one can't be distracted away from the condition and authenticity. The nickel plating is as good as you could hope for, and is accented by two panels of bakelite in a very dark grey almost black colour. There's the odd blemish yes, but not anything note worthy for the Art Deco enthusiast. The size is perfect for desks, tables etc and the numerals can't be mistaken for any other era. There is oxidation points to paint on the dial on close inspection, nothing we believe that distracts. Fully serviced and working on an 8 day mechanical wind up swiss movement. The dial reads Winton and Sharpe Ltd , Princes street, Edinburgh. 8 days, swiss made. This clock is definitely one that will raise an appreciative smile upon it's arrival. FREE UK DELIVERY
