Description

Outstanding Omega solid 18ct gold gents wristwatch. This is a very fine example of a gents classic wristwatch made by the world renowned premier swiss maker Omega. The watch is the rare and highly desirable Constellation 'C' Chronometer fully automatic calibre 751 24 jewel movement which has just been overhauled and serviced and is running at plus 3 seconds per day, as you can see it is in fabulous condition. The original diamond bright cut dial is in incredible condition and it has the day and date facility. The case body graining is near perfect with super sharp edges indicating that this watch has spent most of its life tucked away in a drawer. The day and date wheels are exactly the same colour and tone indicating that neither one has ever been replaced. The winding crown serrations are super sharp like new with no rub through on the edges. The back is perfect with a mega sharp observatory medallion. It has black hands and baton markers and also the Omega symbol on the original crown and a genuine Omega buckle. The glass is original and near mint perfect. As you would expect the watch is fully marked on the dial, movement and case. The heavy solid 1...
