Description

A stunning and extremely comfortable pair of antique leather club armchairs. These were made in Sweden, they date from the 1900-1920's period. The quality is amazing, these are extremely well built and heavy. We have had the burgundy leather hand coloured and revived by our leather restorer. The condition is great for their age, with a lovely patina, loads of character and just minor age related wear. These armchairs were extremely well made, with hand coiled springs in the seats & the origin insides. The backs & arms are leather buttoned, with leather piping between. They also have very good back support. We also have the matching sofa that came with these from Sweden available separately, seen listed under our other items for sale. Width - 36 inches , 92 cm Depth - 32 inches , 82 cm Height - 34 inches , 87 cm Seat height - 16 inches , 41 cm
