This is a big Victorian good-quality mahogany triple dome top wardrobe. The large arched mirrored centre door conceals a very big bank of drawers and top slid outs. The 2 side doors with mahogany panels open up to the garment hanging areas. Please look at the pictures you can see the quality, sorry the pictures are not the best it is in my store and not easy to get at and much too heavy and big to move around. The mirror has some fogging. The centre arch is just over 8ft 3inch tall, width is approx 8ft. ..2ft deep. Mid Victorian circa 1860/70.
