Description

A small antique 17th century elm coffer or chest of six plank construction having hinged lid, iron lock plate to the front, chip carved corners, raised on simply shaped plank sides. Lots of wonderful wear and imperfections to the wood. Inside is a receipt from a previous owner dating back to 1946. Item Ref; M-1913 . DIMENSIONS: Height – 50cm / Width – 90cm / Depth – 35cm . CONDITION REPORT: In good antique condition throughout with various signs of age and wear. General surface wear in places including some age-related marks to the top, front, and sides (pictured). The top has bowed and warped over the years and so has the front. Hinges have been changed at some point in time. Evidence of old historic woodworm to the back – this is long gone and has been fully treated as a precaution. Overall, a rather charming little chest. Our carpenter inspects, repairs, and restores all our items, so you can have full confidence that what you buy from us is home ready! Please take time to carefully look at all the photos as they form part of the description and condition report of this item.
