Antique Waltham pocket watch, 1907

Price

Sold**Item Reference: SA799659****Date of manufacture: 1900**

Description

Antique Waltham pocket watch, 1907. The watch has a seven jewel stem-winding movement, grade 610, which is working nicely. The movement has beautifully patterned plates, and it is fully signed together with the serial number 16,217,608 which dates it back to around 1907. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model from the Dennison Watch Case Company, the company provided most of the cases for Waltham UK. The case is in good condition, just one small "ding" and a little unevenness to the hinged case back. The glass lens is in lovely condition. The dial is signed Waltham. The dial looks good to the naked eye. There are a couple of hairlines if viewed through a jeweller's loupe but they are faint. The watch comes in a new presentation box.
