Description

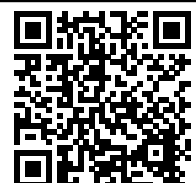

A really quite exquisite example of an antique scent globe with a sterling silver hinged top and a pierced or reticulated sterling silver casing around covering the top half of the globe. The bottom half of the bottle is deeply cut in the ever-popular hobnail cut with a star-cut on the underside. The top half has the most amazing cast silver casing with intricate floral and foliate garlands with pretty tied bows around the top. The hinged lid is also highly decorative with a central vacant cartouche to the very top, which could be engraved with initials by your silversmith if desired. The bottle is hallmarked for Birmingham 1899, making this a true Victorian example. The makers mark (M J J) for Matthew John Jessop. The bottle retains its cut glass stopper fitting perfectly to protect the precious contents from evaporating and the interior of the domed top, beautifully gilded. Superb condition, measuring 4" tall and a diameter measuring 3". Item ID: 32323 ----- FREE Worldwide Registered Airmail Directly From London, England
