## Description

Gents 9ct gold Bentima wrist watch, 1960. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The movement is signed Bentima Star. The watch is a good wearable size at 34mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1960. The case is in good condition, just some gentle unevenness to the back. There are no personal inscriptions. The lens is in beautiful condition. The dial appears to have been refinished at some stage and it has the less elaborate early Bentima logo which fits in well with the simpler appearance of the dial. A new leather strap has been fitted. The watch comes in a new presentation box.
