Description

Huge late 18th century bronze Japanese Jardinière, c1790. It is well cast, very heavy (6.1kg) and decorated with storks in flight. It stands on tripod legs with nice loop handles. Condition is not great it is missing the base and there are dents, surface marks/Verdigris discolouration etc, but this in no way detracts from the overall beauty and character of the piece. Please refer to the detailed photographs and feel free to contact me if you would like to view the item or have any questions. Price includes FREE UK delivery. Size: 29cm tall x 34cm wide (handle to handle) x 30cm deep, weight 6.1kg.
