Description

Unusual as this nice early example of a Tunbridgeware box is made from highly desirable and beautiful Burl Maple, usually seen in timbers such as Rosewood. Originating in the Georgian town of Tunbridge Wells, Kent, visitors began buying wooden souvenirs from the woodworkers of surrounding areas such as Tonbrige and Speldhurst. During the 1830's James Burrows developed the tessellated mosaic technique which became the most well known type of Tunbridge Ware. This piece dates to around 1840. The interior has been recently relined in a hand marbled paper creating a clean and fresh finish and ready to use. Complete with working key. Excellent condition, measuring 8" x 6" x 3".
