Description

An antique gun metal Omega pocket watch 1914 The watch has a stem-winding movement which is working nicely. The movement is signed Omega and has the serial number 4934538 which dates it to around 1914. The movement is protected by an inner hinged cover. The watch measures 51.2mm diameter excluding the winding stem and the loop. The gun metal case is signed Omega on the inside of the back cover. It is in good condition and has gold embellishments. The case has light surface marking / patination from use but overall it is in nice condition for an early 1910s piece. The glass lens is in nice condition with only the odd minor mark from use. The white enamel dial is signed Omega. The dial is in nice condition with only a small surface scratch between 1 & 2 o'clock although hardly noticeable. The watch has its original rose gold steel hands and a blued steel sub seconds hand. The watch will be sent in a new presentation box.
