Sold

Item Reference: SA801964

Date of manufacture: 1920

Description

Antique Swiss full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is the gold plated and is the Star model made by the Dennison Watch Case Company, a Birmingham based company who supplied various watch makers with cases. The case has light surface marking from use but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The dial has blued steel hands, a subsidiary seconds dial and an outer minute track. There are several faint hairline cracks although hardly noticeable to the naked eye. The watch comes in a new presentation box.
