Description

A 1920s Madix half hunter pocket watch. The watch has a good quality Swiss 15 jewel stem-winding movement signed Madix which is working well. The movement is protected by an inner hinged cover. The watch measures 50.3mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Illinois Watch Case Company. The case is in good condition, just a small "ding" to the front cover, nothing serious at all. The front cover has a small lens surrounded by blue enamel filled Roman numerals. The front cover is opened by pressing the winding crown in. The watch glass is in good condition, the outer acrylic lens is also in nice condition. The dial is in nice condition. The watch has blued steel hands (including the special half hunter hour hand), a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
