Description

This is a stunning set of late Victorian drawers made from Birdseye maple. The timber has the most amazing figuring to it and when mixed with the satin finish of maple it is simply gorgeous. The quality is very high with the only fault being a light mark to the top. The drawers run smoothly and there are no losses to the Birdseye maple veneer. This is a such an unusual piece it really would be a talking point in any space. Height 111cm Width 115cm Depth 56cm Price includes UK mainland delivery
