Depth = 17 cm (6.7")

Description

This large antique wooden hat block stretcher which dates from c1900 was originally used to manufacture hats. The wood stretcher sits on its wooden base which has a sizing chart, a metal handle which adjusts the size when turned and has a wonderful rich colour. A beautiful quality hat stretcher that looks fantastic when displaying hats and would look great in the home, as a shop display or prop. Can also be used to shape, size and make hats. Weight: 6.194 kg. Condition: Very good used antique condition with signs of use in keeping with age. A nice patina and look. Some age related wear, some small chips and bruises. The handle screw mechanism works well. Please note that only the wooden hat stretcher is included and any other items in the pictures are for display only.

Internal Ref: AHSB1806
